## From The President — Shaun Harteloo, N7TNP

### A Look Back at 2018, and Forward at 2019

Another new year is upon us, and 2018 has been left in the dust. The club made many positive changes in 2018, and continues to grow. I would like to thank our Past President Cory KA7IUG for leading us to where we will start 2019. 2018 introduced a new website. We continue to improve and work out bugs, challenges, all while adding new features. One of the big successes from 2018 was the winter banquet registration via the website. I wholly believe it contributed to one of the largest attendances we had in all the years I have been a member of HARC.

Jim, Joel, and many others have worked very hard on the repeater in 2018 and they continue to work on it. This was also enabled by the club offering up our expert communicators as volunteers at Mt Hood Medical Center. The club was able to locate a receiver site with antenna at the hospital in part due to us also volunteering at the hospital. I highly encourage you to look into participating. The process to get started may seem daunting, but we desperately need more people able to help. If you wish to volunteer, please contact Cory.

2018 also showed we can overcome obstacles. Our biggest obstacle was tied to the 2017 Eagle Creek fire, and field day. This was also a success the club has under its belt. I hope that again in 2019 things will work out and we can continue our tradition.

2019 will be another great year. We have some new faces, with hopefully some fresh ideas. I look forward to the rest of 2019 and building on what we did in 2018. I wish everyone a happy and healthy 2019.

## Refreshments Schedule

**January**—Incoming Board Members  
 Be sure to say thanks to them at the meeting for volunteering.

## January Program Scheduled

Website Updates and How to Log In

## Check into Two Hoodview Nets

The UHF Information Net will follow the VHF net at 7:45 PM or after the VHF net if it goes past 7:45 PM. This is an attempt to assist more local amateurs in checking in to our Club's Net and broaden our exposure. Club members are encouraged to volunteer to be net control of either net. Every Wednesday night:

HARC—2 M net on 147.28 MHz, at 7:30pm.

HARC—70cm net on 443.475 at 7:45 pm

## Sunshine Committee Report

If you know of someone that we should contact, please contact Pam KC7Q. She will send cards with the club's best wishes.

## Weekly Breakfast Gathering

Join us for breakfast every Saturday morning at Heidi's, 1230 NE Cleveland, Gresham. Conversation and coffee starts around 7:00am with the breakfast orders taken at 7:30am.

## Mark your Calendars

The date for March of Dimes March for Babies will be April 27th. The club will be providing communications for this public service event. We will be looking for twenty plus volunteers.

## Happy Birthday to our Members

### Santa Claus Net

I would like to thank "Santa Claus" (WB7UFJ—Denny) for getting on the air with nine little ones Sunday, December 23rd.

Santa was heard trying to pawn off two puppies and a drum set left over from last year. He was having as much fun talking to the kiddos as the kiddos had talking with him. My grandson was probably the most chatty but they were all excited to hear his voice on the radio. "Santa" assured all of the children that he had been watching and they were on the good girl or boy list. You can view some of the videos of the event on our Facebook page. I believe this added to the sparkle and spirit of the season. Thanks again, Santa (rest up for next year).

### Patches, Hats, Badges

Patches, name badges, and hats are now offered on our webpage. You can order and pay for them there and Leslie will bring them to the next club meeting. If you are interested in getting a club patch or having a name badge made with your call sign and the club's logo, then see our patch chairperson Leslie Burrows or contact her at [leslieburrows3@gmail.com](mailto:leslieburrows3@gmail.com). She has 3.5 inch and 10 inch club patches for sale. The cost of the patches will be \$5.00 (3.5 in) and \$25.00 (10 in).

### VE Session

The next VE session is scheduled to be held on Saturday, January 19th at MHCC in the Fisheries building in the lower northeast corner of the campus at 9:00. Please check out our website to see what you need to bring with you (photo identification, copy of license or CSCE, SSN or FRN, \$15).

Pam is always looking for VE helpers. If you are available to help or would like to earn your VE accreditation, then contact Pam KC7Q for details.

### Please Welcome Our Newest Members

### Memorial Service for N7TL SK

There will be a memorial service for Ed Clulow on February 9<sup>th</sup> at the Park-rose Community United Church of Christ, 12505 NE Halsey St, Portland, OR 97230. It will be held

at 11:00 am. There will be a POTLUCK luncheon after the service. Please bring something to share.

If you have any pictures of Ed, please send them to Kenn - [K7ENNPDX@gmail.com](mailto:K7ENNPDX@gmail.com). These will be used in a memorial slide show and Kenn will enjoy looking at them.

### Winter Field Day

Multnomah ARES has decided to participate in Winter Field Day this year and we would like to invite the members of Hoodview to join us. We also encourage everyone to participate from home during the day if they're unable to make it out to our site.

Winter Field Day is just like the big Field Day in June, but a little smaller and definitely much colder—a perfect opportunity to not only get some on-air operating experience, but to also try out your go-kit and see how ready you REALLY are to operate in less than ideal conditions.

Winter Field Day takes place on January 26 & 27th, however, we will only be operating on Saturday, Jan 26th, from 9am until 5:00-ish, depending on how many people we have on site.

Location: Scouters Mountain in Happy Valley. SE Boy Scout Lodge Rd & Southeast 147th Ave, Happy Valley, OR 97086

While this is the coldest part of the year, this will definitely be a fun event, and don't worry, we will have tents, heaters, warm drinks, and hot chili on hand to warm you up.

For more information on Winter Field Day, please visit: <https://www.winterfieldday.com>. To get information from Robert, his email is [rganglin@gmail.com](mailto:rganglin@gmail.com). Robert Anglin, WX5TEX

### DECEMBER SEA-PAC UPDATE

The SEA-PAC committee continues to work putting together another great convention for 2019.

We are proud to announce that we have confirmation that ARRL CEO Howard Michel, WB2ITX will be visiting us this year plus the other ARRL Northwest Division Directors and Vice-Directors.

When registration opens February 15, you'll want to consider attending the Saturday evening banquet. Jeri Ellsworth, AI6TK will be our keynote speaker. Jeri is well known computer chip designer and inventor. She gained fame in 2004 for creating a complete Commodore 64 system on a chip housed within a joystick. Look her up on QRZ.com.

The Saturday DX lunch presentation will be about the 2018 Norfolk Island DXpedition presented by Joe Kelly N7BF, Russ Mickiewicz N7QR, Everett Curry W6ABM and Peter Moore ZL2HM. There is also a YL lunch, but more about that next month.

This year there will be two Friday workshops. Topics and seminars will be announced later when we have them confirmed. Meanwhile, if you would like to be a presenter, we would like to hear from you with your ideas. Contact us at [seminars@seapac.org](mailto:seminars@seapac.org) or [workshops@seapac.org](mailto:workshops@seapac.org) as appropriate. If you want to bring a portable station or just want to join us, you're welcome to attend the free "Radio on the Beach" event on Friday evening.

We will have many outstanding door prizes for the Saturday and Sunday drawings this year. The Saturday drawing includes a Yaesu FTDX-1200 HF radio. The Sunday drawing includes an Icom IC-7300 HF radio. Both drawings will include many other mobile and VHF/UHF transceivers. Additional major items will be announced in next month's newsletter. There will also be many hourly prizes given away.

Again we will have a SEA-PAC collector's pin contest. Winner gets 2 tickets to the Saturday night banquet. See if you can design a pin for 2019. Details on the web page.

The Seaside Convention Center expansion of the facilities continues. To get a peek of what is going on, visit <https://www.seasideconvention.com/>

[renovations/](#). We will have more information about this as we get closer to the convention dates.

General registrations will open on February 15, 2019. Please pass this email to your friends and encourage them to attend. They can also sign up to receive these email updates by sending an email request to [info@seapac.org](mailto:info@seapac.org).

For additional SEA-PAC information and updates please visit our web site at [www.seapac.org](http://www.seapac.org).

### Dues Can Be Paid

Don't forget to pay your 2019 Dues! See Jim at the meeting or use page six and mail them in to the post office box. The other option is to pay them online using Paypal. The roster will be held up until the end of January or the first of February.

Membership dues entitle you to the online newsletter, a roster, full website access and voting privileges. Dues for 2019: Regular Member—\$20 or Family Membership—\$25

**Treasurer's Report** as reported at the January 2019 board meeting by outgoing treasurer, Shaun N7TNP. Shaun reported that we received some dues, banquet monies, refunds from our old website company, donations plus 50/50. We paid out banquet charges and repeater equipment purchases.

### CURRENT BALANCE

General Fund	\$ 4,500.15
Restricted Funds:	
Japanese	\$ 384.64
Repeater	\$ 2,930.08
Training	\$ 23.97
Scholarship	<u>\$ 2,219.87</u>
<b>TOTAL FUNDS</b>	<b>\$10,058.71</b>

### For Sale Items

The board has decided that members of the club will have the opportunity to sell Ham Radio items on the club's website. Purchasers can then use PayPal for a way to pay for the items. Checks can also be sent to the seller. More details for these transactions will be coming out next month. The club will charge 10% for this service (3% for the PayPal charge and 7% to the club). Shipping will be handled separately between buyer and seller.

**Ham Radio Gear For Sale:** The club has received some ham radio gear from a previous silent key member. These items come from KG7FV's ham shack. Let me know if you are interested. Cory KA7IUG
