HOODVIEW NEWS

**General Club Meeting - October 21st
at 7:30 PM. We will have a virtual
meeting on WebEx. Links and reminders
will be sent out via email on
Tuesday of that week.**

Greetings From the President – Chris Jensen KG7ADQ

Wow, this year has gone by fast, at least for me. It has been an interesting year again, but at least things are settling down. Cherri Harrington N7KOJ has put a lot of work into getting a Winter Banquet put together for us this year, and I am thrilled to say that she found a place for us to have it during the first part of December. More details to follow in newsletter.

Also, I would like to let you know that we have made an agreement with the Church in Troutdale to have our December meeting in person. This is an important meeting as we have our elections. So, I would like to encourage everyone to attend this meeting.

Elections are coming, and I would like to encourage everyone to be a participant in the Club board; it is not as difficult as people might think. I thought it would be a nightmare to be a President. Now that I have experienced it, it has been fun, and not as challenging as I expected. I know that I have plenty of support behind me. With all the good club members, there will always be good support. If you are willing to help, if you are even somewhat interested, please contact me or any other board member. We will be happy to discuss with you where your interests lie and help you figure out what position fits your interest. As this is my ninth straight year being on the board, I have had the honor of serving in several positions. I look forward to seeing some fresh faces on the upcoming Board, along with those who will remain. During October's General Club Meeting, nominations from the floor will be opened. If you wish to nominate someone, we do ask that you have the individual's permission to give their name for a position. If they are not present at the meeting, we will do our best to confirm their consent to the nomination. Volunteers are always welcome.

73,
Chris Jensen
KG7ADQ

We get together once a month to meet and share friendship. During Covid, we are trying to meet outdoors.

VE Testing for Ham Licenses

You are REQUIRED to register in the FCC CORES system and receive a FCC Registration Number (FRN) before exam day. Candidates could go directly to the FCC CORES User Account and Registration page: <https://apps.fcc.gov/cores/userLogin.do>. VECs are required by the FCC to submit your FRN with your license application form. New license applicants should create an FCC user account and register their Social Security Number (SSN) in the FCC Commission Registration System (CORES) before attending exam sessions. Registrants will be assigned an FRN which will be used in all license transactions with the FCC. Also, effective in June an amateur radio licensee must provide the FCC with an email address on all applications. If no email address is included, the FCC may dismiss the application as "defective." Once an email address is provided, the FCC will email a link to an official electronic copy of the license grant. An official copy will also be available at any time by accessing the licensee's password-protected Universal Licensing System account.

Happy Holidays Ahead

Well HARC family....after over a year of shutdowns and shut-outs...it looks like we will be able to celebrate the upcoming holidays with our annual Christmas banquet!!

There will be a couple changes, but I'm sure we have all grown accustomed to adapting.

This year we will have our banquet at Heidi's in Gresham. There is only room for a total of 30 people so it will have to be a first paid - first served affair and the payment needs to be made when reservation are made. The restaurant will also expect us to wear masks as we walk to the banquet room but once there we will be in a private room with access to a private outside patio....weather permitting.

Here are the details as of now....

No-Host Cocktails at 6:00 pm with dinner served at 6:30 pm. There will be three dinner entrée choices, Chicken, Prime Rib or Salmon, served with salad, potato and desert. Coffee, Tea, Iced Tea and Soda are included in the price.

The price will be \$35.00 per person which covers the gratuity. Please make reservations through Cheri Harrington, (n7koj@cascadeaccess.com) and payment through the paypal link on the club website or mail a check to Hoodview ARC, PO Box 951, Gresham, OR 97030. Please indicate if you want Prime Rib, Salmon or Chicken.

I look forward to seeing all and celebrating the 2021 Holidays and brighter days ahead!

Hoodview Simplex Frequency

Did you know that if our repeater goes down during an emergency or is being used by MCARES, that the members of Hoodview Amateur Radio Club should check in on the 443.475 repeater or use 147.48 Simplex and 147.52 Simplex? We will monitor those frequencies to offer assistance if available.

Hoodview's Simplex Net

Once a month we are trying out a simplex net. This is a fun way to prepare for no repeater coverage just in case we are without the added help of our repeaters. Participation fluctuates each time but the hams who are checking in are getting better at this form of communication. It is great test of our gear and see who we could hear. We would like to encourage more people to check in to the simplex net.

Our next one will be held on Tuesday October 26th 7:30 PM on 147.480 MHz If 147.480 MHz is in use, the alternate frequency of 147.520 MHz will be used. Monitor the repeater, if possible, for any announcements of frequency changes.

We look forward to hearing from as many people as possible who would like to test out their equipment and learn a fascinating method for communication in a net format.

We have the following dates for future Simplex Nets scheduled:

October 26
November 16
December 14

Frequencies:

147.480 MHz (Primary) & 147.520 (Alternate)

For Sale Items

Did you know that you can list items in the newsletter that are radio related for free if you are a member? Or you can list them on the club webpage. These areas are reserved for members to list items. You also have the option of donating the item to the club since we are a 501(c)3 non-profit. Another idea would be to give the item to the club as a consignment. The club will receive 10% for each item sold.
