**General Club Meeting - December 16th  
at 7:30 PM. We will meet in person at the  
Troutdale Community Church,  
921 Buxton Rd, Troutdale, OR 97060.  
Please come masked.**

## Greetings From the President – Chris Jensen KG7ADQ

Happy holidays to everyone. We had a wonderful banquet thanks to Cheri Harrington for all the wonderful work that she did to make the banquet happen. We enjoyed a great turnout, also we had a couple of wonderful hostesses that did an excellent job taking care of us for the evening. I was thrilled to present Joel Harrington with his 2020 presidential plaque. The wonderful job he did as president last year made my job a lot easier this year, thank you Joel.

It was a great honor to me to be able to present a beautiful plaque honoring Art Zehner W7AUF for all the work that he has done over the years for the club. His recent big achievement for the club was reorganizing the club weekly net, and his willingness to help anyone with radio. He invited me over one time so that I could do the net. Yes, I was nervous about it, and being a Mic shy person, he made it easy. I actually had a good time doing it. I would encourage anyone else interested just to do it one time, it can be fun. Art is a great guy and ever since I've known him, he's always been an uplifting and cheerful person. People like him are few and far between. So, thank you Art for everything you have done and will do in the future. I feel you're one of those awesome people that makes everyone else's life a little easier.

This is election time so if you do not plan to come to the meeting on the 16th, the meeting starts at 7:30 PM, make sure you get your ballot mailed off right away, or make arrangements to get them delivered to the meeting. We will be meeting in person at Troutdale Community Church, at 921 Buxton Road, Troutdale Oregon. We would like to see you there, as long as you feel comfortable. We still have a couple of open positions. If you would like to volunteer for one of the open positions, let one of the board members know or you can always call me.

73, Chris Jensen

### Hoodview Simplex Frequency

Did you know that if our repeater goes down during an emergency or is being used by MCARES, that the members of Hoodview Amateur Radio Club should check in on the 443.475 repeater or use 147.48 Simplex and 147.52 Simplex? We will monitor those frequencies to offer assistance if available.

### Salem Hamfair

The Salem Hamfair will be held on February 19, 2022. This event is organized by the Salem Repeater Association and the group is tentatively planning to operate it in the same manner that Swaptoberfest was operated, by Mid-Valley ARES, so tickets are unlikely to be sold in advance since we do not know what the status of the pandemic will be in February. Viruses tend to worsen during the winter. Masks are likely to be required because of state requirements.

The prizes will be purchased in the next week or two and the flyer will be produced as soon as they are purchased. I will send the link out as soon the flyer is available.

At the hamfair, I plan to celebrate the years of ARRL affiliation for Oregon clubs that will achieve milestone years. Coming up in January, that will be 75 years for Portland Amateur Radio Club, and 50 years for TERAC. In March, Southern Oregon ARC will reach 70 years. I will have a complete list posted in February. I hope to see you there.

A neighboring repeater site on Scott was sold, and the new owners have asked the ham stations be removed from the site.

No new nominations for current ballot, if someone steps up a special election can be held at the December meeting for the position with attending members. The Secretary position is not required to operate as a club. The board will have to pick a substitute secretary for meetings that do not have one. The nomination committee will count ballots, Kenn stated himself and anyone on the ballot should recuse themselves from counting due to a conflict of interest. Shaun asked for the ballot to be finalized and ready for email on Friday 12/3/2021 to ensure enough time for absentee ballots to make their way to the PO Box. Once ready, Shaun will email the ballot to all members via Mailchimp. Ballots can be delivered to the mailbox by 12/16 or be brought in for absent members by those who are attending.

We paid nothing out this past month. Bank and Checkbook balanced. Shaun N7TNP made motion to accept treasurer's report as written and provided. Kenn K7ENN seconded. Motion Passed.

**CURRENT BALANCE**

General Fund	\$ 6,277.48
Repeater	\$ 7,554.68
Training	\$ 115.47
Scholarship	<u>\$ 2,239.87</u>
<b>TOTAL FUNDS</b>	<b>\$16,187.50</b>

Since the Board has already reviewed the treasurer's report at the board meeting, we prefer to have a member of the general membership make the motion and second it at the General meeting.

**Hoodview's Simplex Net**

Once a month we are trying out a simplex net. This is a fun way to prepare for no repeater coverage just in case we are without the added help of our repeaters. Participation fluctuates each time but the hams who are checking in are getting better at this form of communication. It is great test of our gear and see who we could hear. We would like to encourage more people to check in to the simplex net. We look forward to hearing from as many people as possible who would like to test out their equipment and learn a fascinating method for communication in a net format.

Our next one will be held on Tuesday December 14th at 7:30 PM on 147.480 MHz. If 147.480 MHz is in use, the alternate frequency of 147.520 MHz will be used. Monitor the repeater, if possible, for any announcements of frequency changes.

### **Club Officer Elections**

The time is upon us once again to perform our annual election of Officers and Board Positions. Unfortunately this year, we do not have a full slate of candidates for all open positions. We have candidates for President, Vice President, Treasurer and one of the Board positions. With that said, we will need a Secretary and one more Board member to have a full slate of officers for the year. Since we are unable to take any nominations at the time of regular elections, we will be required to perform a special election or elections, as needed until the positions are filled. For those who are unfamiliar with the duties with which the Secretary is tasked, here is the definition as given by our Constitution:

“The Secretary shall keep a record of all meetings, keep a roster of members, carry on all correspondence, and read all pertinent communications at each meeting; and shall turn over all items belonging to the club to the next duly elected secretary.”

Anyone willing to fill the office of Secretary, or Board Member, would be a welcome addition to the Executive Board. Please let any member of the board know of your willingness to help.

### **Hoodview's Facebook Page**

Did you know that the club has a Facebook page that we share information about classes, activities, etc. for club members and interested hams? The page is Hoodview Amateur Radio Club —WB7QIW. To join just like the page and click join. You will be asked if you are a ham (call sign) or interested in ham radio. Check out <https://www.facebook.com/groups/709367785838462/>

## VE Testing for Ham Licenses

An amateur radio licensee must provide the FCC with an email address on all applications. If no email address is included, the FCC may dismiss the application as defective. The FCC will email a link to an official electronic copy of the license grant. An official copy will be available by accessing the licensee's password-protected Universal Licensing System account. You must also register in the FCC CORES system and receive a FCC Registration Number before exam day. Candidates could go directly to the FCC CORES User Account and Registration page: <https://apps.fcc.gov/cores/userLogin.do>. VECs are required to submit your FRN with your license application form. New license applicants should create an FCC user account and register their social security number in the FCC Commission Registration System before attending exams. Registrants will be assigned an FRN which will be used in all license transactions with the FCC.

## **Christmas Banquet**

We had a wonderful evening with twenty-four members and guests. Cheri N7KOJ decorated our banquet room with the cutest handmade candy-cane decorations. And of course we had great food from Heidi's. After dinner, Chris presented Joel Harrington N7LF with his presidential plaque for 2020 and for leading the club during Covid and board turmoil. Then Art Zehner W7AUF received a plaque of appreciation for his many years of service to the club as net control manager. He was also the first President for the club and very deserving of this award.

## **Santa Claus Net**

CQ Santa, CQ Santa, Are you listening? We are standing by.

Gather your kids, grandkids, nephews/nieces, etc to talk with Santa. Or check in yourself and ask Santa for the new radio you want.

There will be a Santa Claus Net on Sunday, December 19th at 5:15 PM. The net will be on the club repeater, 147.28. Queenie Sparkles (Cory) KA7IUG will be net control.

I have heard from the "Big Guy" that he is very busy but not too busy to talk with good boys and girls. So gather your kids, grandkids and those that are kids at heart to talk with Santa.

These areas are reserved for members to list items. You also have the option of donating the item to the club since we are a 501(c)3 non-profit. Another idea would be to give the item to the club as a consignment. The club will receive 10% for each item sold.
