HOODVIEW NEWS

General Club Meeting - July 21st at 7:30 PM.

We will host a hybrid meeting: in-person and virtually on WebEx. In person at Mount Hood Community College, Room 1001 or 1005 (south end of the main campus) and you will receive a link emailed to you next week.

From the President's Desk – Kenn Clulow K7ENN

Another year, another Field Day in the books. I would like to thank Kirk, KGOINS, and all those who made the journey to Larch Mountain to participate. Hopefully, Kirk will be available for the Club Meeting to give us a brief report on the activities up there.

Our next big event for the Club will be the upcoming Picnic in August. This will be August 18 in place of the usual monthly Club meeting at Red Sunset Park in Gresham. People will arrive between 5:00 and 5:30 with Hot Dogs and Burgers going on the grill at 6:00. Denny, WB7UFJ, and Steve, N7LTC, have graciously volunteered to serve as the grill-masters this year. Since there are still some concerns regarding Covid, people wishing to bring items to share are encouraged, however, we are requesting that members bring store bought, commercially prepared foods. The club will provide the Hot Dogs, Hamburgers, Condiments and Buns as we have in the past. For those wishing to contribute items to share, please see the list below for suggestions of what to bring.

Suggestions of items to bring based on the first letter of your last name:

A – I: Chips

J – R: Salads

S – Z: Desserts

This month's club meeting will be Thursday July 21 at 7:30 PM at Mt. Hood Community College in room AC-1001, as well as online via WebEx. The topic will be a discussion on encouraging younger people to look into Ham Radio. This will be a discussion led by Josh, K7OSH.

Lastly for this month, it is time to begin the search for next year's officers. We have several positions that will be available for people to help run the business side of the club. The positions available are: President, Vice-President, Secretary, Treasurer, and two Board Members. While we do have some officers who are eligible to stay another term in their respective positions, I would like to encourage anyone to join the Board. If you do not feel ready for the extra duties of being an officer, but are willing to help out, one of the Board positions is a fantastic way to become involved. Please contact one of the Board members directly or the Board as a whole at board@wb7qi.w.org if you are interested. October and November meetings will have open nominations from the floor, with elections held at December's meeting.

Upcoming contests:

August 6 – 7: 222 MHz and up Distance Contest

Details on the contests can be found at <http://www.arrl.org/contest-calendar>

An amateur radio licensee must provide the FCC with an email address on all applications. If no email address is included, the FCC may dismiss the application as defective. The FCC will email a link to an official electronic copy of the license grant. An official copy will be available by accessing the licensee's password-protected Universal Licensing System account. You must also register in the FCC CORES system and receive a FCC Registration Number before exam day. Candidates could go directly to the FCC CORES User Account and Registration page: <https://apps.fcc.gov/cores/userLogin.do>. New license applicants should create an FCC user account and register their social security number in the FCC Commission Registration System before attending exams. Registrants will be assigned an FRN which will be used in all license transactions with the FCC. The current cost for taking a test is \$15 at the examination time. **Plus you will be assessed a \$35 from the FCC which must be paid within ten days.**
